

The Griswold Playground Committee is doing a fundraiser to help supplement the playground that is proposed for the new elementary. It's the hope of the committee to upgrade the following proposed portions of the playground.

- Upgrade the “rock soft surface” that is included in the project to a rubberized surface.
- Upgrade some of the playground equipment to maximize the space. Currently, it's proposed to move current playground equipment from old buildings.
- Lastly - If funds allow the committee would like to put down an artificial surface in the grassy area to help maximize space, especially during cold and rainy weather.

We are hoping you will purchase a spot on the donor wall to make this dream a reality. This donor wall is a great way to honor a family, a loved one or a business. All of your contributions will go directly to the upgrades at the elementary playground.
